I know you have reached out to the students. I'll participate in the call so we are all on the same page.

Dave: This message is on the record and will be my only outreach to you prior to your being contacted by a third party of the university to discuss O'Brien Fellowship matters of which I am addressing with deep concern. Please kindly respect my repeated request to address these matters

Dave: This message is on the record and will be my only outreach to you prior to your being contacted by a third party of the university to discuss O'Brien Fellowship matters of which I am addressing with deep concern. Please kindly respect my repeated request to address these matters one such a way. Thank you, Jenni.
